The heart of Tuscany to , Siena.

Half a century of success

Founded in 1946 by Erreno Capannoli. He opened a first workshop in Siena after an important experience about steelwork in Terni.

Since then, four different generations constantly developed the company until nowadays success.

we are special because...

Our company is specialized in the production of accessories and furnishings for bathrooms, successfully presented in both the Italian market internationally. A lot of collections with different style proposals were created, to satisfy all the demands of all tastes and situations, from private

to great hotel chains. A production of high quality, which provides a full range of accessories and offers great freedom of colors and finishings. Quality is in first feature, but also efficiency for the service provided.

Design!! Since 1946 we have been searching for great quality in all our products. The first “masks” brass manufactured by Erreno have opened the way to the full range of bathroom furnishings, which changed over the years following trends and sometimes dictating them.

Where you can find us: venue in Tuscany and 1200 stores in Italy...
